DETAILED ACTION

The amendment filed 10/13/09 and the remarks presented therewith have been carefully considered. However, they are not deemed to be fully persuasive.

Claim Objections

1. Claims 18, 23, 25, and 29 are objected to because of the following informalities:
The phrase "which rotatably connected to", as recited in the last paragraph of claims 18 and 23, does not make grammatical sense. In claim 25, line 1, it appears that the word "an" should be deleted. In lines 5 and 9 of claim 29, it appears that the word "buck" should be changed to -back-. Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 30, 32, 34, and 38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no clear antecedent basis for "the operating unit means", as recited in claims 30 and 32, or "the caver" as recited in claim 38.

The exact meanings of the following phrases are not clearly understood: "the both side" (claim 30), "slidably fitted on the shaft each other" (claim 32), "integrally

connect the link holder” (claim 32), and “so as to the fringing means closely approach” (claim 34).

Allowable Subject Matter

4. Claims 18-29, 31, 33, 35-37, and 39 are allowed (assuming the minor claim objections as set forth above in section 1 are corrected).
5. Claims 30, 32, 34, and 38 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
